How proud you will be to be among the very first to ride this NEW high speed beauty with its gleaming, luxurious appointments; its advanced, ultra-modern construction; every detail designed to achieve the utmost in beauty, comfort, speed and convenience.

GO DIRECT TO THE WORLD'S FAIR GATES

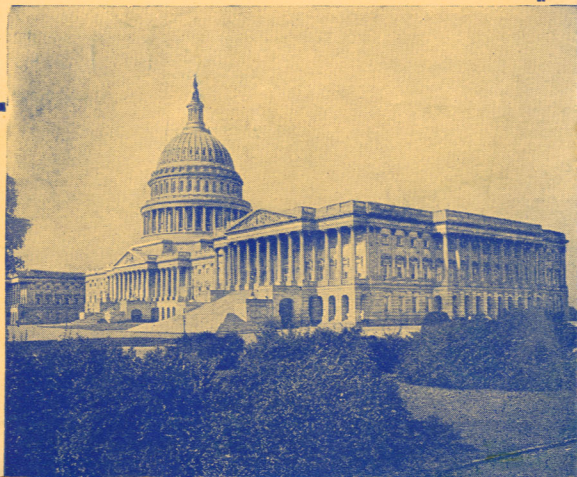

Believe it or not, the TRAIL BLAZER to New York will, after a brief stop in Pennsylvania Station (while your baggage is taken off the train and checked in your room at the Hotel President) continue on to the very gates of the World's Fair. This adds to the time you can spend on the Fair grounds, after having had your breakfast on the train. Then, after a full day at the Fair, you return to the hotel and go immediately to your own room with private bath. No delay . . . no fuss . . . no worry.

RECREATION ON BOARD TRAIN

The rear car of the TRAIL BLAZER is designed as a combination observation-buffet-lounge car. Here you may relax and refresh yourself, listen to the radio, play cards, get acquainted. A wide range of refreshments at economy prices are available.

No need to tell you in this short space the diversions, the wonders that await you in New York. The Fair, with its millions of sights, alone would require pages, let alone New York itself, with its uncounted attractions.

Suffice to say that on a TRAIL BLAZER HAPPINESS TOUR there has been arranged for you the easiest, most attractive, and best planned trip ever presented; and at a cost that has been arrived at through months of careful study by travel experts whose years' of experience permit them to know and take advantage of every economy of time and money without sacrifice of comfort or pleasure.
